**VIGTIGT - LÆS VENLIGST**
Kære kunde,
Tak fordi du har valgt Oliver Furniture.
For at sikre den bedste oplevelse med dine nye møbler skal du passe godt på dem. Bemærk venligst, at Oliver Furnitures kvalitetsgaranti kun gælder, hvis nedenstående retningslinjer følges. Hvis du har spørgsmål til dine Oliver Furniture møbler, er du altid velkommen til at kontakte vores team, som gerne vil hjælpe dig med rådgivning.

Montering
Vi anbefaler, at produkterne samles på en glat og jævn overflade. Brug kartonen fra emballagen som underlag. Vær opmærksom på, at møbeldelene er meget udsatte for lakskader på hjørner og kanter, derfor skal du være meget forsigtig under monteringen.
I begyndelsen vil en let lugt være uundgåelig for ny producerede møbler. Denne lugt vil forsvinde efter et stykke tid. For at fremskynde denne proces skal du lufte oftere ud i begyndelsen ved at åbne møblernes døre og skuffer og sikre optimalt luftskifte i rummet.

Pleje og vedligeholdelse
Malede overflader er generelt sårbare og ikke ridsefaste.
Tør dine møbler af med en tør klud, efter at du har rengjort dem med en fugtig klud.
Hvis du spilder væske, bør du altid tørre det op med det samme for at undgå skader og opsvulmede møbler. Brug overfladebeskyttelse (puder eller måtter) under fugtige genstande. Placer ikke varme genstande på møblerne.

**IMPORTANT - PLEASE READ**
Dear Customer,
Thank you for choosing Oliver Furniture.
To ensure the best experience with your new furniture, you must take good care of it. Please note that the quality guarantee of Oliver Furniture is only valid when these guidelines are followed carefully. If you have any questions about your Oliver furniture products, you are always welcome to contact our team, who will be happy to assist you with advice.

Assembly
We recommend assembling the products on a smooth and even surface. Use the cardboard from the packaging as an underlay. Be aware that the furniture parts are very exposed to lacquer damage on the corners and edges; therefore, you must be very careful during assembly.
Initially, a slight inherent odour is unavoidable for newly produced furniture. These odours will gradually disappear after a while. To speed up this process, ventilate more often at the beginning by opening the doors and drawers of furniture and ensuring optimal air exchange in the room.

Care and Maintenance
Painted surfaces are generally vulnerable and not scratch resistant.
Wipe your furniture with a dry cloth after cleaning it with a damp cloth.
If you spill any liquid, you should always wipe it off immediately to avoid damage and swollen furniture.
Use surface protection (pads or mats) under damp objects. Don't place any hot objects on the furniture.

**WICHTIG - BITTE LESEN**
Lieber Kunde,
Vielen Dank, dass Sie sich für Oliver Furniture entschieden haben.
Um das beste Erlebnis mit den neuen Möbeln zu gewährleisten, müssen diese gut gepflegt werden. Bitte beachten Sie, dass die Qualitätsgarantie von Oliver Furniture nur dann gültig ist, wenn diese Richtlinien sorgfältig befolgt werden. Wenn Sie Fragen zu Ihren Oliver Furniture Möbeln haben, können Sie sich jederzeit an unser Team wenden, das Ihnen gerne mit Rat und Tat zur Seite steht.

Montage
Wir empfehlen, die Produkte auf einer glatten und ebenen Fläche zu montieren. Verwenden Sie den Karton aus der Verpackung als Unterlage. Bitte beachten Sie, dass die Möbelstücke an den Ecken und Kanten sehr anfällig für Lackschäden sind, deshalb müssen Sie bei der Montage sehr vorsichtig sein. Bei neu produzierten Möbeln ist anfangs ein leichter Eigengeruch unvermeidlich. Dieser Geruch wird nach einiger Zeit verschwinden. Um diesen Vorgang zu beschleunigen, lüften Sie anfangs häufiger aus, indem Sie die Türen und Schubladen der Möbel öffnen und für einen optimalen Luftaustausch im Raum sorgen.

Pflege und Wartung
Lackierte Oberflächen sind im Allgemeinen empfindlich und nicht kratzfest. Nachdem Sie Ihre Möbel mit einem feuchten Tuch gereinigt haben, trocknen Sie die Oberfläche bitte mit einem trockenen Tuch wieder ab. Wenn Sie Flüssigkeit verschüttet haben, sollten Sie diese immer sofort abwischen, um Schäden und aufgequollene Möbel zu vermeiden. Verwenden Sie einen Oberflächenschutz unter feuchten Gegenständen und stellen Sie keine heißen Gegenstände auf die Möbel.

**IMPORTANT - VEUILLEZ LIRE ATTENTIVEMENT**
Chers clients,
Merci d'avoir choisi les meubles d'Oliver Furniture.
Pour assurer la meilleure utilisation de votre nouveau meuble, nous vous demandons de le traiter avec soin. Veuillez noter que la garantie de qualité d'Oliver Furniture est seulement valable lorsque ces instructions sont suivies attentivement. Si vous avez des questions concernant vos produits d'Oliver Furniture, vous pouvez toujours contacter notre équipe, qui sera heureuse de vous conseiller.

Assemblage
Nous recommandons d'assembler le meuble sur une surface ferme, plate et horizontale en utilisant p. ex. le carton de l'emballage. Les coins et les bords de toutes les parties du meuble sont très exposés. Soyez très prudent lors du montage afin de ne pas endommager la laque.
Au début, une légère odeur de produit est inévitable pour les meubles nouvellement fabriqués. Cette odeur disparaîtra progressivement après un certain temps. Pour accélérer ce processus, aérez souvent en ouvrant les portes et les tiroirs des meubles et en assurant une aération optimale de la chambre.

Soins et entretien
Les surfaces peintes sont généralement vulnérables et ne résistent pas aux rayures.
Essuyez vos meubles avec un chiffon sec après les avoir nettoyés avec un chiffon humide.
Si vous renversez un liquide, vous devez toujours l'essuyer immédiatement pour éviter que le bois gonfle et endommage le meuble.
Utilisez des protections sur la surface (coussins, plateau) sous les objets humides. Ne posez pas d'objets chauds sur les meubles.

## IMPORTANT – KEEP FOR FUTURE REFERENCE – READ CAREFULLY

## WARNINGS:

1. **Warning:** Be aware of the risk of open fire and other sources of strong heat, such as electric bar fires, gas fires, etc., in the near vicinity of the cot.

2. **Warning:** Do not use the cot if any part is broken, torn or missing. Use only spare parts approved by Oliver Furniture.

3. **Warning:** Do not leave anything in the cot or place the cot close to another product which could provide a foothold or present a danger of suffocation or strangulation, such as strings, blind/curtain cords, etc.

4. **Warning:** Do not use more than one mattress in the cot.

5. The cot is only ready for use when the locking mechanisms are engaged. Check carefully that they are engaged before each use.

6. The height of the cot base is adjustable. The lowest position is the safest. The base must always be in the lowest position as soon as the child can sit up unaided.

7. If the child is left unattended in the cot, make sure the base is in the lowest position.

8. The assembly instructions, descriptions and illustrations of all parts and tools must be at hand before assembly begins.

9. The mattress must not be thicker than 140 mm. The marking on the cot shows the maximum mattress thickness. The mattress must measure 68 x 122 cm.

10. All fittings must be tightened, checked regularly and re-tightened.

11. To avoid injury from falling, convert the cot into a junior bed as soon as the child can climb out of it. The cot must no longer be used for that child.

12. The cot/bed can be cleaned with a well-wrung cloth.

13. These safety requirements are described in EN 716-1:2008 + A1:2013.

## ADVARSLER:

1. **Advarsel:** Vær opmærksom på risikoen ved åben ild og andre kraftige varmekilder, fx elektriske varmeovne, gasovne osv., i nærheden af tremmesengen.

2. **Advarsel:** Brug ikke tremmesengen, hvis dele er knækkede, revet itu eller mangler. Brug kun reservedele, der er godkendt af Oliver Furniture.

3. **Advarsel:** Efterlad ikke noget i tremmesengen, og stil den ikke tæt på et andet produkt, som barnet kan træde op på, eller som kan medføre fare for kvælning eller strangulering, fx bånd, snore til rullegardiner/gardiner osv.

4. **Advarsel:** Brug ikke mere end én madras i tremmesengen.

5. Tremmesengen er kun klar til brug, når låsemekanismerne er aktiveret. Kontrollér omhyggeligt, at de er aktiveret, før tremmesengen tages i brug.

6. Højden på sengebunden kan justeres. Den nederste position er den sikreste. Sengebunden skal altid være i nederste position, så snart barnet kan sidde selv.

7. Hvis barnet efterlades i tremmesengen uden opsyn, skal sengebunden være i nederste position.

8. Samlevejledning, beskrivelser og billeder af alle dele og værktøj skal være til stede, før monteringen påbegyndes.

9. Madrassen må ikke være tykkere end 140 mm. Markeringen på tremmesengen angiver den maksimale madrastykkelse. Madrassen skal måle 68 x 122 cm.

10. Alle beslag skal være spændt fast, kontrolleres med jævne mellemrum og efterspændes.

11. For at undgå skader ved fald skal tremmesengen ombygges til juniorseng, så snart barnet selv kan kravle ud af den. Tremmesengen må herefter ikke længere bruges til det pågældende barn.

12. Tremmesengen/sengen kan rengøres med en opvredet klud.

13. Disse sikkerhedsforskrifter er beskrevet i EN 716-1:2008 + A1:2013.
